

Amazon Monitron Gateway (Ethernet) Safety and Compliance Information (Model No. TG1A002)

Use Responsibly. Before using Amazon Monitron Gateway (Ethernet) device and its accessories, read all instructions and safety information. While using Amazon Monitron Gateway (Ethernet), follow all instructions and heed all warnings. Keep this document for reference.

PERSONAL SAFETY PRECAUTIONS

FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE OR OTHER INJURY.

 **WARNING!** This device is a Class A device and intended for commercial use only; it is not intended for household and residential use.

 **WARNING!** This equipment is not suitable for use in locations where children are likely to be present.

 **CAUTION!** Do not open the device. Do not modify, alter, reverse engineer, tamper with, or repair the device. Do not perform any servicing other than that contained in the installation guide.

 **CAUTION!** Placement. Check and obey the applicable safety regulations when setting up the device. You are solely responsible for safe placement the device.

Consult aws.amazon.com/monitron/ for optimal placement of the device and commissioning.

DEVICE CARE PRECAUTIONS

FAILING TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN DAMAGE TO THE EQUIPMENT OR VOID THE WARRANTY.

Device Care and Use

Do not place objects filled with liquids, such as glasses or vases, on the device, or otherwise expose the device to liquids or moisture

Do not attempt to dry the device with an external heat source, such as a microwave oven or hairdryer.

Do not expose the device to pressurized water, high velocity water, or extremely humid conditions.

Take care not to spill any food or liquid on the device. Do not spill any abrasive substances on the device.

Don't expose the Amazon Monitron Gateway to extreme temperatures.

Do not expose this device to extreme heat or cold. Store it in a location where temperatures remain within the storage temperature ratings set forth in the quick start guide. The device and the included accessories are designed to function within the operating temperature ratings set forth in the quick start guide. If it is too hot or too cold, the device may not turn on or function properly until it has warmed or cooled, as the case may be, to within the applicable temperature ratings.

To reduce the risk of electrostatic discharge upon contact with this device, avoid such contact in extremely dry conditions.

Service Your Device

If you suspect the device is damaged, discontinue use immediately and contact Amazon Customer Support. Contact details can be found at aws.amazon.com/monitron/terms/. Faulty service may void the warranty.

USING THE DEVICE AROUND OTHER ELECTRONIC DEVICES

The device generates, uses, and can radiate radio frequency (RF) energy. If not used in accordance with instructions, may cause interference to radio communications and electronic equipment. External RF signals may affect improperly installed or inadequately shielded electronic operating systems, entertainment systems and personal medical devices. While most modern electronic equipment is shielded from external RF signals, if in doubt, check with the manufacturer. For personal medical devices (such as pacemakers and hearing aids), consult your doctor or the device manufacturer to determine if they are adequately shielded from external RF signals.

FCC Compliance

This product complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This product may not cause harmful interference, and (2) this product must accept any interference received, including interference that may cause undesired operation. Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the product off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a socket on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to Section 15.21 of the FCC rules, changes or modifications to a product by the user that are not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

The product meets the FCC Radio Frequency Emission Guidelines and is certified with the FCC under the FCC ID number found on the device.

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Information Regarding Exposure to Radio Frequency Energy

The output power of the radio technology used in this device is below the radio frequency exposure limits set by the FCC. Install and operate the device with at least 20 cm (approximately 8 inches) between the device and your body.

RECYCLING OR DISPOSING OF DEVICE

In some areas, disposal of certain electronic devices is regulated. Dispose of or recycle the device in accordance with local laws and regulations.
