

Amazon Monitron Gateway (Ethernet) Safety and Compliance Information (Model No. TG1A002)

Use Responsibly. Before using Amazon Monitron Gateway (Ethernet) device and its accessories, read all instructions and safety information. While using Amazon Monitron Gateway (Ethernet), follow all instructions and heed all warnings. Keep this document for reference.

PERSONAL SAFETY PRECAUTIONS

FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE OR OTHER INJURY.

 **WARNING!** This device is a Class A device and intended for commercial use only; it is not intended for household and residential use.

 **WARNING!** This equipment is not suitable for use in locations where children are likely to be present.

 **CAUTION!** Do not open the device. Do not modify, alter, reverse engineer, tamper with, or repair the device. Do not perform any servicing other than that contained in the installation guide.

 **CAUTION!** Placement. Check and obey the applicable safety regulations when setting up the device. You are solely responsible for safe placement the device.

Consult aws.amazon.com/monitron/ for optimal placement of the device and commissioning.

DEVICE CARE PRECAUTIONS

FAILING TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN DAMAGE TO THE EQUIPMENT OR VOID THE WARRANTY.

Device Care and Use

Do not place objects filled with liquids, such as glasses or vases, on the device, or otherwise expose the device to liquids or moisture

Do not attempt to dry the device with an external heat source, such as a microwave oven or hairdryer.

Do not expose the device to pressurized water, high velocity water, or extremely humid conditions.

Take care not to spill any food or liquid on the device. Do not spill any abrasive substances on the device.

Don't expose the Amazon Monitron Gateway to extreme temperatures.

Do not expose this device to extreme heat or cold. Store it in a location where temperatures remain within the storage temperature ratings set forth in the quick start guide. The device and the included accessories are designed to function within the operating temperature ratings set forth in the quick start guide. If it is too hot or too cold, the device may not turn on or function properly until it has warmed or cooled, as the case may be, to within the applicable temperature ratings.

To reduce the risk of electrostatic discharge upon contact with this device, avoid such contact in extremely dry conditions.

Service Your Device

If you suspect the device is damaged, discontinue use immediately and contact Amazon Customer Support. Contact details can be found at aws.amazon.com/monitron/terms/. Faulty service may void the warranty.

USING THE DEVICE AROUND OTHER ELECTRONIC DEVICES

The device generates, uses, and can radiate radio frequency (RF) energy. If not used in accordance with instructions, may cause interference to radio communications and electronic equipment. External RF signals may affect improperly installed or inadequately shielded electronic operating systems, entertainment systems and personal medical devices. While most modern electronic equipment is shielded from external RF signals, if in doubt, check with the manufacturer. For personal medical devices (such as pacemakers and hearing aids), consult your doctor or the device manufacturer to determine if they are adequately shielded from external RF signals.

Radio equipment directive conformity

Hereby, Amazon Data Services, Inc. declares that the radio equipment type Amazon Monitron Gateway TG1A002 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following Internet address: aws.amazon.com/monitron/.

The device operates within the following frequency band(s): Wi-Fi 2.4GHz, Bluetooth Low Energy

The maximum radio-frequency power transmitted within the frequency band(s) in which the device operates is as follows: Wi-Fi 2.4 GHz (2412-2472 MHz: 19.82 dBm), Bluetooth Low Energy (2402-2480 MHz: 8.64 dBm)

Note: The device generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the device.

**Information regarding exposure to radio frequency energy**

In order to protect human health, this device meets the thresholds for exposure of the general public to electromagnetic fields according to Council Recommendation 1999/519/EC. This device should be installed and operated with at least 20 cm between the radiator and your body.

RECYCLING OR DISPOSING OF THE DEVICE

Disposal of certain electronic devices is regulated under EU Directive 2012/19/EU ('WEEE Directive'). Dispose of or recycle the device in accordance with local laws and WEEE regulations. For information about recycling your device, go to aws.amazon.com/monitron/.

**EU REACH**

Pursuant to Article 33 of Regulation EC/1907/2006 of The European Parliament and of The Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), the following substances are present in the device in concentrations above a 0.1% threshold weight by weight:

Substance Name	CAS No
Lead	7439-92-1

TERMS AND WARRANTY

For legal terms and warranty information for Amazon Monitron Gateway, see aws.amazon.com/monitron/terms/.

Amazon Data Services, Inc. • 410 Terry Avenue N. • Seattle, WA 98109

CE Declaration of Conformity

1. Products in scope of this Declaration of Conformity: TG1A001, TG1A002
2. Manufacturer Identification
Name: Amazon Data Services, Inc.
Address: 410 Terry Avenue North, Seattle, Washington, 98109, United States of America
3. This declaration is issued under the sole responsibility of the manufacturer
4. Object of the Declaration: IOT Gateway
5. Brand: AWS 
6. The object of the declaration is in conformity with the following EU harmonization legislation:
 - A. Radio Equipment Directive (RED) 2014/53/EU
 - B. Eco-design Requirements for Energy-Related Products (ErP) Directive 2009/125/EC (applies to model TG1A001 only)
 - C. Restriction of Hazardous Substances in Electrical and Electronic Equipment (RoHS) Directive 2011/65/EU (and Delegated Directive 2015/863)
7. The following harmonized standards were used or referred to in relation to the conformity that is hereby declared:
 - A. RED:
 - i. Health and Safety, Article 3.1(a) of the RED
EN 62368-1:2014/A11:2017
EN 60950-1:2006+A11:2009+A1:2010+A12:2011+A2:2013 (applied to model TG1A001 only)
62311:2008 (TG1A001); EN 50665:2017, EN 50663:2017 (TG1A002)
 - ii. Electromagnetic Compatibility, Article 3.1(b) of the RED
EN 301 489-1 V2.1.1 (TG1A001) V2.2.3 (TG1A002)
EN 301 489-17 V3.1.1 (TG1A001) V3.2.4 (TG1A002)
EN 55032:2015 + AC:2016: Class B
EN 55024:2010 + A1:2015 (TG1A001); EN 55035:2017 + A11:2020 (TG1A002)

Amazon Data Services, Inc. • 410 Terry Avenue N. • Seattle, WA 98109

iii. Efficient Use of Radio Frequency Spectrum, Article 3.2 of the RED
EN 300 328 V2.2.2

B. ErP:

Commission Regulation (EU) 2019/1782 (applies to model TG1A001 only)

C. RoHS:

EN IEC 63000:2018

8. Signed for and on behalf of the manufacturer:
